# INVESTING IN OUR SAFETY

Our continuing efforts to address your needs and get feedback on your priorities are getting positive results!

Through our "Join the Conversation" community-outreach program, hundreds of Moreno Valley residents have provided feedback, and they continue to rank public safety as their top priority.

Crime remains a great concern, as the State allows more and more prisoners to be released into Southern California communities. At the same time, the County of Riverside continues to increase the cost of the law enforcement and fire services we contract for.

Our community feedback tells us residents value maintaining gang-prevention programs and increasing deputy patrol hours. And they want to continue to improve 9-1-1 response times for police, fire and emergency medical workers.

While we know nothing is more important than our safety, rising public safety costs and State takeaways of local funds are a continuing concern.

That is why YOUR feedback is so important. If you have not yet had the opportunity to do so, please join us at [www.moval.org/jointheconversation](http://www.moval.org/jointheconversation), and let us know YOUR priorities for Moreno Valley.

We Want To Hear From You!
